DUO-35 : FOR PAPER PERFORATING AND BINDING UP TO 35mm THICKNESS

Model : -

HIGH CAPACITY PERFORATOR WITH SAFETY BINDING SYSTEM

The DUO-35 is made of 2 elements :

- a 35mm capacity dual hole puncher with hollow punching tools;

- a binding module with rivet closer for security bindings.

Punching diameter : 6mm.

Distance between holes : 80 and 70mm.

Right and left paper guides with synchronized adjustment.

Easy punching bits and pads changing.

Comes standard with 2 spare bits, 4 spare pads and a set of rivets.

Warranty : 1 year, except on punching bits and pads.
