## LARGE ROTARY DIE CUTTING PRESS ODP-100

Model : -

FOR LARGE CUTTING DIEThe ODP-100 die cutting press can cut, crease and perforate paper, cardboard, leather and plastic.

It works with 2 cylinders who are pressing a mobile cutting form against the material that has to be cutted.

It can be used for making small cardboard boxes, cards, stickers, leather items or any other item with specific shape.

The cutting forms are made specifically according to the user needs.
