MANUAL LARGE BLUEPRINT MAP DRAWING FOLDING MACHINE LD-1230

MANUAL LARGE BLUEPRINT MAP DRAWING FOLDING MACHINE LD-1230

Model : -

LARGE FOLDING MACHINE WIDTH 123 CM The LD-1230 map folding machine has a 123cm folding width.

Very easy to use for folding maps, blueprints, drawings and any large document.

Cheap, very low price.

With folding gauge for the cross folding.

The LD-1230 folding machine comes with a wall paper sheet holder in order to carry the documents to be folded and a delivery tray for the folded maps, no need for a table.

The user can go on working without moving.

The LD-1230 folding machine is very strong and will last for many years.

You will not be able to miss it anymore.
